CJMDR (COLLABORATIVE MULTI-DISCIPLINARY RESEARCH JOURNAL)

CJMDR is a Peer Reviewed Half-Yearly, Online Journal whose main objective is to shed light on various aspects of the research world, covering a myriad of topics from the ancient regime to contemporary issues. It is very important to keep documenting these thrust areas for the exchange and preservation of Education, which will act as a guide for the coming generations. Rising above the mundane academic curriculum and courses, each category has a direct relationship with the daily needs of a student, and an academician; be it through Education, Trade, Commerce and Engagement, Market Strategies, Entertainment, Promotion and Communication, Accessibility, and is, hence, surrounded by unique opportunities of various channels of creativity. Valuable descriptions of experiences, experiments, discussions, results, possibilities, directions, timelines of technological development, etc. related to the journey through every unit of the education society to the stage of global platform and to develop the skills of writing among the students and researchers, this initiative is expected to increase enthusiasm and interest as per the times. Besides, it is expected that, this will prove to be a golden opportunity for many subjects which lack high level documentation facilities. Keeping these aspects in mind, this e-journal is published under the joint auspices of Multi-disciplinary angles.

MULTIDISCIPLINARY RESEARCH PAPERS WILL BE PUBLISHED

A much awaited e- journal, *the first multi-disciplinary research e-journal , registered under the aegis of Govt. of Rajasthan*, with a joint team of renowned academicians, scientists, psychologists, trade experts, graphics designers, professors, editors and field experts; who will review, the received articles, research papers and manuscripts before publication. This will be a unique opportunity for students and researchers associated with all disciplines pertaining to the categories, such as, *Chemical Sciences, Agriculture, Medical Sciences, Botany, Zoology, Biotechnology, Biosciences, Physics, Pharmacy, Nano-Technology, Computer Sciences, Commerce & Management, Marketing, Banking & Insurance, Finance, HR Management, History, Sociology, Political Science, Psychology, English Literature, Hindi Literature, Sanskrit Sahitya, Geography, Civil Administration, Music, Dance, Drama, Design and Architecture, Graphics Studies, Mass Media, Journalism, Drawing & Painting, Field Training & Management, and all other platforms* to explore various aspects of Research & Education in modern times, and also to publish their original works and papers. *Giving space to original studies, new researches and discussions in the e-journal, will be a priority.*
